

Daycare and Train Program Information

Drop your dog off at our training center for a full day of training and socialization. While participating in our Daycare and Train program, your dog will receive several customized training sessions focused around those aspects of training or rehabilitation that are most important to you. We will work with you to develop a training plan and will include 1 hour private lessons for follow up in order to ensure success when your pooch returns home. All tools required for training will be included at no additional fee and will be yours to keep upon graduation from the program.

Important Information about Daycare and Train

Daycare and Train is offered Monday through Friday. Training is not available weekends or major holidays.

Drop Off Time: Between 7am and 9am

Pick Up Time: Between 5pm and 7pm

* Early Drop Off/Late Pickup is available upon prior arrangement and for an additional fee.

Taxi service is available for an additional \$15 fee each way (within the TCS service area).

Dogs must be current on rabies vaccinations and in good health.
